Road Map of the NEW ERA OF THE ITKF

Traditional karate is an art of self-defence which evolved from the original Japanese Budo (martial art). As a result of the worldwide interest, there have occurred numerous styles and schools.

The International Traditional Karate Federation (ITKF) will be a common platform organization for many schools and styles of Traditional Karate which are practiced worldwide.

The main target of the ITKF for the nearest future is to organize the Renaissance Karate World Championship in 2014 in Japan which is the birthplace of the Traditional Karate.

In the long run the ITKF will focus on the introduction of Budo to the educational system in their member countries. Budo was a part of Japan's mandatory basic educational program from 1911 until the end of World War II (1945). Many people believe that the mandatory study of Budo in schools is one factor responsible for the phenomenal rebuilding of Japan after the war.
